

Stream 365 Registration Form

Join us and make the rivers in the greater Toledo area safer for wildlife and more enjoyable for everyone! Work in-stream and along the banks removing all types of trash from many different streams and rivers. Upon registration, groups will be assigned a location to clean and receive a supply kit with detailed instructions. Date and time of clean up varies depending on weather, water levels of the river, and individual group preferences. Prior to the cleanup, a **Liability Waiver Form** for **each** individual participating must be completed, which can be found at PartnersforCleanStreams.org/Programs/CYS365. Increased supervision is required for children under 13, and all minors must have adult supervision. Visit PartnersforCleanStreams.org for more information on CYS365 and how you can get involved in our other projects. To become a Stream 365 volunteer, please complete the following information and return it to the address below.

Contact Name _____

Organization (if applicable) _____

Address _____

City _____ State _____

Zip _____ Daytime phone _____

E-mail _____
