Fishing Line Recycling Bins

Discarded fishing line has become a serious issue in waterways around the greater Toledo area. To combat this, Partners for Clean Streams is coordinating the installation of Fishing Line Recycling Bins to safely collect, track and eventually recycle discarded fishing line. The bins encourage anglers to dispose of their fishing line easily and properly, therefore decreasing entanglement of animals and improving the aesthetics and recreational opportunities along the river for everyone. Volunteers will collect and track the amount of line recycled in each bin regularly through our “Adopt-a-Bin” program.

To support this program, Partners for Clean Streams is requesting sponsorships at the following levels. Each sponsorship lasts one full year, although the bins might be taken down during the “off season.” For your sponsorship, your name and logo will be placed on educational signage next to the bin and you will also be listed on our website. Your donation allows us to keep this and other programs running successfully.

<i>Number of bins</i>	<i>Amount of Contribution</i>	<i>Recognition for Your Organization</i>
1 bin	\$50	Recognition by Logo on Signage
3 bins	\$125	Recognition by Logo on Signage
5 bins	\$200	Recognition by Logo on Signage

If you are interested in sponsoring Fishing Line Recycling Bins, you might also be interested in becoming a sponsor for Get the Lead Out. Get the Lead Out is a volunteer program in which volunteers walk along the Maumee River collecting lead, line, and sinkers left there after walleye/white bass fishing. Partners for Clean Streams, is a local non-profit 501(c)(3) organization dedicated to improving the health of our area waterways.

Your donation should be made payable to: Partners for Clean Streams and sent to:
P.O. Box 203, Perrysburg, Ohio 43552-0203 or online at <http://partnersforcleanstreams.org/give>.
Contributions are tax deductible to the extent. Contact PCS Staff at 419-874-0727 or at PCS@PartnersforCleanStreams.org.
